## BEREA YOUNG MAN ACCUSED OF ARSON

**Bloodhounds From Lexington Follow Trail, After Burning of Cow Bell Church**

A trail, beginning at Cow Bell church, near Berea, which was set on fire Sunday night, and winding thru the mountains, finally ended Monday in a corn field, where Raz McHone, a young white man, was found. He was taken in custody by Captain V. G. Mullikin, of Fayette and Deputy Sheriff W. A. Johnson and charged with arson according to advices from that section of the county.

About 11 o'clock Sunday night, Cow Bell church, which is a church and school combined, was discovered on fire by a young man who extinguished the flames and then notified the authorities at Berea. The fire excited the suspicions of the officers and Captain V. G. Mullikin and his bloodhounds were called from Lexington to investigate.

The dogs soon picked up a trail at the church and followed it to McHone's home. There Captain Mullikin was informed by McHone's wife that he had left Sunday for the Bluegrass to work in tobacco. Leaving there, the dogs next went to the home of a neighbor who said McHone had been there about twenty minutes before and from there the dogs followed the trail into a cornfield.

The corn was moving as if someone was running and Deputy Sheriff Johnson called out for the person to stop. The man proved to be McHone, Mullikin said. According to Captain Mullikin, McHone stated he was looking for the officers, as he had been told bloodhounds were on his trail.

McHone was questioned about the fire by Captain Mullikin, and according to Mullikin, McHone said he had been passing the church and had heard someone whistling to him as if a person were in the church. McHone said he went to the building, where he found a window opened. He struck a match to look in and dropped the match on the floor, without thinking to see if it did any damage. Seeing no one in the church McHone left. He denied he set the church on fire deliberately. Captain Mullikin, however, said a coal oil can had been procured and the oil spread over a broom in the corner, which was ignited. McHone's trial will be held Friday.

## PARTS OF COUNTY GET GOOD RAINS

Many sections of Madison got a good wetting Tuesday afternoon and crops were greatly benefitted. Much more rain, however, is badly needed and at once if Madison farmers are to obtain anything like a normal production this year. Corn has been greatly damaged by the drouth. A number of well posted farmers say that unless there are some hard and continuous rains immediately, barely half a crop will be produced.

The Paint Lick sections seems to have enjoyed the best rain Tuesday. It poured for several hours, and everything got a good drenching. The thunder and lightning storm was quite severe. Benton and Brandenburg had a valuable steer struck by lightning at New Moran, in a pasture. Considerable corn and tobacco was damaged by the high wind.

## SOLDIER-EDITOR ENDORSES SWOPE

Mr. Otis Thomas, of the Casey News has the following to say:

Hon. King Swope, the Republican nominee for Congress in the 8th District, is the young man's hope. His election will inspire every young man in Kentucky to live a useful, worthy and law-abiding life with the assurance that his worthy endeavors will be rewarded by the people among whom he has lived and served. Every young man should vote for King Swope on Saturday, August 2nd. Every father who had a son in the army should vote for King Swope. Every boy who was in the army will vote for King Swope because he has the courage to come out in favor of the needs of the soldiers while his opponent, Judge Harlan, completely ignored the soldiers in his platform. Every father who has a son whom he wishes to aspire to places of usefulness and honor should vote for Mr. Swope.

Mr. Swope represents the best there is in Kentucky manhood. He is intelligent, progressive and patriotic. When his country needed him he did not hesitate or plead exemption but offered his service and made an enviable record in the army. He is a young lawyer of rare attainments and has been complimented by such able jurists as Judge Kerr and Col. John R. Allen, of Lexington, Ky., as one of the ablest young lawyers in Kentucky.

His speeches in this campaign have been clean and free from abuse and are regarded by all who hear him as masterpieces. To send him to Congress from the 8th District will be a signal to all worthy young men that Kentuckians are willing to reward honest and efficient services wherever they are found.

Hundreds of patriotic voters will no longer be bound by political chains but will vote for Swope regardless of their previous political affiliations.—Casey County News. 1t

The farm was sold in six tracts and the following list of the purchasers: G. C. Walker bought the home and twelve acres for \$10,150; Riley Ison one tract of 28 acres \$300 an acre; Adus Mayor 40 acres at \$272.50 an acre; Dit Huffman 60 acres at \$240 an acre; Luke Sherrow one tract to Courtney Roberts for \$315, bringing the average for the 180 acres up to \$302.25.

At the sale of the Asbury College farm, at Wilmore, it brought a total of \$64,718 at an auction held Tuesday, conducted by John Bain. The Interstate Realty Company, of Lexington, made the sale. The property was divided into nine tracts, and sold as follows: Tract 1, 81.5 acres, to R. A. Dodd, \$296 and acre; tract 4, 10 acres, R. A. Dodd, \$400 an acre; tract 5, 12 acres, Edward Hadden, \$300 an acre; tract 6, 15 acres, Dr. V. C. Gillespie \$353 an acre; tract 7, 15, Dr. V. C. Gillespie, \$428 an acre; tract 8, 18 acres, J. D. Cavanna must apologize and punish the robbers of American sailors will be the demand of the United States. The Lexington Herald's "Sample Case" of Drummers' Department had the following Richmond notes Sunday: George M. Berry, with Louis Stix & Company, Cincinnati, was circulating around Richmond, Lancaster, Nicholasville and other points last week. He reports business A. I. Forrest March and Carl Berry were hitting the high points last week for the Woolfolk Coffee Company, and telling them where to get good groceries. Carl has the distinction of being the youngest traveling man on the road. He has been with Woolfolk since a kid in knee pants. The boys who travel in autos say the pike from Lexington to Richmond is certainly the limit. From the end of the asphalt six miles out to within three miles of Richmond, is almost impassable. Fayette and Madison officers better get busy.

## LUDENDORFF TELLS PLANS FOR BELGIUM

(By Associated Press)

Berlin, Tuesday, July 29—In a communication to a newspaper here today, General Ludendorff placed the responsibility for the crown council's decision in 1917 that Belgian territory must be held, upon the former German Emperor. Ludendorff said Great Headquarters merely sketched the military situation and that the former Emperor decided the question. Another paper also publishes an outline of what the military authorities were said to have considered necessary for "economic unity" with Belgium: contemplated extension of the Germans customs in Belgium, levying of imperial taxes on monopolies there, obligating Belgium to accept German control of Belgian taxation, trade representation and division of income tax, adoption of the German monetary system, annulment of all damage claims against Germany which would take over Belgian railroads.

## TO THE VOTERS OF MADISON COUNTY

In the 1918 session of the General Assembly of which I was a member in pursuance to pledges made in the Democratic platform on which the Democratic State ticket was elected, the General Assembly appointed a committee known as the Probe Committee, composed of three members of the Senate and five from the House, to investigate and report back to the General Assembly what offices and the persons holding said offices were useless and could be dispensed with. This committee of which I was a member made a thorough investigation of all the state offices and found that there were a number of men and women holding office and drawing large salaries and doing practically nothing to earn them, and so reported to the General Assembly in a report covering thirty pages. A copy of said report can be seen at my office.

Among the departments investigated was the State Insurance Board, composed of the following persons and the salary paid to each: N. O. Gray, \$3,000; H. H. Colyer, \$3,000; C. F. Thomas, \$600; Eli Brown, \$3,000; C. F. McLaughlin, \$2,200; H. F. Harris, \$1,500; Noble Harris, \$1,500; E. Demunkin, \$1,500; Maria Brady, \$1,200; S. Montgomery, \$1,500; J. Hudson, \$600.

The above is only one of a number of the departments investigated and abolished or combined, thereby saving a large sum of money to the state. The committee said in its report, "We find that the State Insurance Commission, the State Insurance Board, and the Hotel Inspector are in reality engaged in the same line of work and that there is no excuse for dividing the work under these heads and thereby increasing the number of offices and multiplying the expense of operating them."

In order to carry out the recommendation of the Probe Committee, the General Assembly enacted a law, chapter 38, act 1918, abolishing the Insurance Board and creating the office of Superintendent of Fire Insurance at a salary of \$3,600, one man to do the work that it took ten to do and saving something like \$20,000 to the state, and providing that the insurance companies should continue to pay the same money and the residue to go into the general funds of the state. Great pressure was used to induce me to vote against this law but I could not be swayed from what I considered my duty to all the people and voted for it, and may I pause here, to say I would so vote today, if the opportunity comes to me again.

A suit was filed by Mr. Colyer, one of the men that lost his \$3,000 job, and the Court of Appeals upheld the law abolishing useless offices and there are a number of other offices that should be abolished and I will work to that end if I am re-elected.

I wish to say a word in regard to the effort being made to induce the farmer to vote against me. The 1918 session of the Legislature enacted several laws for the benefit of the farmer and I supported all of them, for I realize that the farmer must be protected and be successful and prosperous in order that the rest of us may be successful. Why was he not thinking of the farmer when Mr. Colyer was using every effort he could to get two prominent attorneys of the Richmond bar to run against me, did he want a farmer in the Legislature, or did he want to get even with me for supporting a bill to abolish useless offices? Unhappy is he who knows the right but for it, is afraid to fight; But worse is he who sides with wrong. Because he knows the foe is strong.

Respectfully,  
H. C. RICE

## 27TH FATALITY IN CHICAGO RACE WAR

(By Associated Press.)

Chicago, July 30—Berger Odman, white, a Chicago telephone company employee, who was shot in the abdomen in a fight with negroes last night, died today, making the 27th fatality in the race riots here. Adjutant General Dickson, after making a tour of the danger zone, early today, reported the situation much improved. He said the most serious situation confronting police was in the stock yards district. Two more regiments have been ordered here, making 8,000 national guardsmen awaiting call, if the situation becomes such the police cannot handle it.

A conference of 50 negro ministers, social workers and business men today called upon Gov. Lowden to detail state troops to end the disturbances.

As forenoon wore on, no serious outbreaks were reported sporadic fights were few and mostly individual.

In only one instance were the police compelled to shoot and in that case a negro was killed while resisting search.

The unofficial death list of 27 is one more than the corner's list. It includes a dozen whites, 14 negroes. The injured amounted to 325.

Few negroes went to work today, evidently keeping under cover that 75,000 negroes have left for south.

## WHITE HALL

The death of Mr. Samuel Royce has caused great sorrow to this entire community. Mr. Royce is a man that will be missed by both rich and poor, he was a friend to all. He was not a member of Mt. Pleasant although the congregation grieves to give him up as he was of such great service to them in the Bible school. Not only will his presence and help be missed but the splendid prayers that he offered that seemed as if he were talking to his Savior face to face. We extend our sincere sympathy to his entire family in their great loss.

Our meeting at Mt. Pleasant commenced Monday night, July 28. Bro. Purvis gave us a sermon, we hope will long be remembered. If every person in this entire community could have heard him we know that they would have been greatly helped. He says he is a man that is a lover of souls and he is not afraid to speak the truth. Come out and hear him, you will never regret it.

Bro. Matherly filled his appointment at Mt. Pleasant Sunday. He was called to Boonesboro Sunday afternoon to baptize 18 persons that had made the confession at the Ford Christian church.

There has just closed a splendid meeting which was held at the McCord schoolhouse. We did not learn the preacher's name. We understand he stood in the sand on the bank of the river at Boonesboro Sunday and preached to a large congregation. We hope that these services will continue each Sunday at this old historical place.

## MRS. MAY COULD NOT WORK

Made Well and Strong by Lydia E. Pinkham's Vegetable Compound.

Columbia, Pa.—"I was very weak and run down and had dragging-down pains and pains in my back. I could not get around to do my work and had to sit down and rest often during the day. I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did."  
—Mrs. ELIZABETH MAY, R.F.D. No. 1, Columbia, Pa.

The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming women's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country prove beyond question the merit of this famous root and herb medicine.

## YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs. This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood. Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood. If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.
